**MY STYLE IS...** Highly influenced by my European upbringing and by travels throughout various parts of the world. I would call it well-traveled classic with a twist.

**TRAVEL THAT INFLUENCED ME MOST...** Trips to Africa. The time I spent in Morocco and Kenya broadened my sensibilities and changed the way I experience places, teaching me to take in my surroundings with all my senses.

**FAVORITE PIECE OF FURNITURE IN MY OWN HOME...** An antique mahogany linen press that was a gift from my grandmother. It had been in my family in Europe for over 150 years and today graces my home in Ridgefield.

**MY GO-TO PAINT SHADE...** Benjamin Moore 1465 Nimbus. It's a warm gray that makes for a perfect neutral anchor in any color scheme.

**DESIGNER TRICK TO TRY AT HOME...** You can't have too many mirrors. They work wonders in dark rooms by reflecting light and they magnify the beauty of your favorite objects.
